KANANASKIS
GUEST RANCH

"More than 100 years of history, the Brewster family hosts private group functions on their Ranch at the base of Yamnuska Mountain."

BREWSTER
KANANASKIS RANCH

HELLO & WELCOME TO THE BREWSTER FAMILIES KANANASKIS RANCH

In 1923 Missy Bagley Brewster opened The Kananaskis Guest Ranch to guests from around the world. She decided that the original Brewster Family homestead located on the shores of the Bow River would be the perfect location to continue a guest ranching tradition she originally started in Montana.

Today the setting is as it was, and guests can still experience the family tradition of western hospitality. The Ranch, located at the entrance to the Canadian Rockies, hosts group events for barbecue dinners in the famed Brewster *donut* tent. All inclusive packages can include live bands, native hoop dancers, gunfighter shows, line dancing instruction, and even wild west rodeos.

Recently, The Ranch has hosted corporate groups including BMW Germany, Best Western International, Brother, and EY for their 100th year celebration.

As it was in the 1920's, travel from The Ranch on either two or four day backcountry horseback riding excursions, and stay in individual rustic log cabins. Guests can also golf our 18-hole course at the base of Yamnuska Mountain.

We hope that the information below this letter is of interest and that we may have the pleasure of welcoming your groups to the Kananaskis Guest Ranch in the future. If you require further information or have any questions please contact us.

With regards,
Brewster's Kananaskis Ranch

"More than a century after John Brewster's sons took their first guests on a horse pack trip, the Brewster family has grown to exemplify tourism in the Canadian Rockies, with the family group of companies being operated by 5th & 6th generation family members."

The Brewster's Kananaskis Guest Ranch

John Brewster moved to Alberta from Ontario in 1886, establishing his homestead at the base of Yamnaska Mountain, which operates today as The Kananaskis Ranch.

More than a century after his sons, aged 10 and 12, took their first guests on a horse pack trip a unique group of companies were formed. Now operating in Banff National Park, Lake Louise, Banff, and Kananaskis the Brewster Family Group of Companies are operated by fifth and sixth generation family members.

Located only forty-five minutes west of Calgary or thirty minutes east of Banff, the Kananaskis Guest Ranch is operated by Janet Brewster-Stanton. It was originally opened in 1923 by Missy Bagley Brewster, Bill Brewster's wife. The original Brewster family homestead entertains groups ranging from wedding parties to conference attendees with western barbecues, and backcountry horse trips.

The Kananaskis Guest Ranch can host groups up to **500+** people and is the perfect venue for your mountain special event.

Testimonials

During the BMW Motorrad Int. GS Trophy 2014 North America, you hosted almost 150 persons from all over the world at Kananaskis Guest Ranch. We are very grateful for choosing Kananaskis Guest Ranch as the 'base camp' of our international motorcycle adventure.

On behalf of the BMW Motorrad we would like to thank you for all the efforts you made to make a very big thing happen! It was a pleasure working together with you! All agreements which have been made and confirmed in advance have been realized in a highly professional way.

Our International guests appreciated the unique atmosphere of the ranch, especially the donut building and the high quality of food and beverages, not to mention the two piece band which was playing on our last evening. Your staff always was very friendly and helpful.

*Yours sincerely,

Bayerische Motoren Werke Aktiengesellschaft*

The Kananaskis Guest Ranch hosted EY's 2014 Canadian Partner Conference, and we couldn't have been happier with how everything went. It was a huge event with over 375 people in attendance and so many things to coordinate. Janet Brewster and her staff pulled everything off seamlessly.

The Ranch hosted the rodeo on site, dealt with the Stampede, arranged all the tents and catering, and provided wonderful entertainment. Janet was fantastic to work with and focused on every last detail, making the logistics piece so easy for us. Everyone in our party had a terrific time from beginning to end.

I would highly recommend the Kananaskis Guest Ranch to anyone looking to organize an important event that has to be done right.

*Sincerely,
Alan Smith – Chief Financial Officer, EY*

I would definitely say this was our best tournament yet! My bosses couldn't stop singing praises. Not only was the course a great fit but the venue, staff and service was above and beyond. It was a pleasure working with you and your entire team. Thank you again for everything!

*Regards,
Sam McCallum – PCL*

Rodeo Entertainment

The Bull Riding Event

ONE OF THE MOST EXCITING EVENTS in Rodeo and viewed as the most dangerous. Bulls weigh in over a tonne, and are as quick as they are big. Bullfighters assist in the Cowboy's dismount, or while they are on the ground after their ride.

The Saddlebronc Event

THE COWBOY RIDING THE BUCKING BRONC is judged on his spurring ability and posture. His free hand is not allowed to touch the Horse until 8-seconds are up. His working hand is gripped on the lead shank attached to the Horse's halter.

The Bareback Bronc Riding Event

THIS EVENT IS JUDGED THE SAME AS THE SADDLEBRONC, except in this event the Cowboy is riding bareback! His working hand is also strapped onto the bucking Horse rigging, and must remain there for the duration of the ride.

The Ladies Trick Riding Event

IS A FORM OF DANGEROUS horse riding stunts. It includes standing upright on a horse while the horse is galloping, hanging upside down off of the horse by a strap, or jumping on and off of the horse while it is running at a gallop pace.

The Barrel Race Event

IS THE FAVOURITE among the Cowgirls, young and old. Although a Cowgirl gets points for this timed event, it is the team effort completing the cloverleaf pattern that wins the event.
